Dear Tim,

I want to take the opportunity to thank you for all the work done on our house. The house looks brand new, and we have had several people go out of their way to comment on the great final appearance.

The craftsmanship by the carpenters on the Hardie board and trim was excellent. I can't say enough about the work done by all the sub-contractors, including the carpenters, the tile work, painting and door/screen installation. All the workers were very cordial and amenable to suggestions by my wife and me.

Also, there was excellent coordination among the electricians, carpenters and Florida Power and Light during the meter/electrical removal and underground cable burial. This resulted in minimal inconvenience and loss of electrical service.

Without reservation, I would recommend Mehaffey Construction Group Inc. for any restoration or improvement projects. In fact, we intend to utilize MCon Group for the construction of storage facility sometime this fall.

Please feel free to use us as a reference.

Again, thanks for the great work.
