Dear Tim,

On behalf of Eckerd and the youth served at our alternative day school in St. Lucie County, I wanted to thank you for the excellent job that you and your staff did in meeting our schedule. The sense of urgency for this job was elevated as you know, and your staff did an outstanding job of completing an entire school renovation in 10 days. Your dedication to meeting the deadline and still producing a quality product are to be commended.

You have been a true professional throughout the entire project. To have the president of a construction company of your size on site each day ensuring that tasks were completed speaks volumes about the level of work that you do. I strongly hope that we have the opportunity to collaborate on other projects in the future.

Sincerely,

Martin Peters
