Mr. Tim Mehaffey,

I would like to applaud Mehaffey Construction, LLC for superior work done on my home. In November, my wife and I began searching for a company that could both promptly execute our plan to extend our family room and provide quality service. Mehaffey Construction, LLC expertly delivered and exceeded our expectations.

James "Jim" Pobuda was extremely attentive to our concerns and made it his priority to ensure our vision was fulfilled satisfactorily. He went beyond the call of duty and was the epitome of what Mehaffey Construction, LLC represents. Mr. Pobuda's efforts are to be commended and he was without a doubt a principal factor in creating an exceptional building experience for my wife and me.

Mehaffey Construction, LLC is a premier corporation and should be first-choice, whether commercial or residential, when choosing a contractor. I am very pleased with their work and extremely grateful for their superb customer service. The process of enlarging our home was not at all slow, and I am certain if additional service is needed, Mehaffey Construction, LLC will be my selection and will once again provide excellent service.

Sincerely,
